*Please see Attached*

4. Provide a standard detail worksheet assignment for an average day dealing with multiple sites without compromising the maintenance.

*Please see Attached*

5. How many field crews does your firm intend to assign to each site, each day and how do you plan to meet the City's contract for completing all work that is required?

In all cases, if the LMM determines that the contractor has not met the requirements, the contractor will not be awarded the contract or after the contract is awarded the contractor can be placed in default. It is the upmost importance that the contractor has significant amounts of manpower, resources, and materials to meet every level of this contract and comply fully with the seasonal, monthly, weekly and daily task. There will be no exceptions, and no excuses.
